CHARITY IT LEADERS CONFERENCE 2019

9 -11 October 2019

We are Charity IT Leaders

We facilitate professional networking, share expert knowledge and support the development of the current and future generations of technology champions and leaders. We do this to help charities unlock the potential of data, digital and technology, enabling them to transform their organisations and the sector.

Connected leaders

Connect, collaborate and share knowledge, stories and learnings with your peers

Expert leaders

Master the latest technical, functional and strategic knowledge to succeed in the 21st century organisation

Talented leaders

Work with subject matter experts and professional coaches to hone your leadership, people and business skills

IN PARTNERSHIP WITH

FEATURING

Michael Heppell
Michael Heppell Ltd

Sarah Winmill
British Transport
Police

Jérôme Tassel
BT

James Luke
IBM

Elizabeth O'Neill
Charities Aid Foundation

AGENDA

The annual Charity IT Leaders Conference is back for another year and we have an action packed agenda in store that's better than ever! Once again, the conference will be held at Whittlebury Hall Hotel, Towcester, between Thursday 10 and Friday 11 October 2019.

On Wednesday 9 October, before the conference, we have a members-only dinner and drinks - the ideal opportunity to reconnect with your network and make new connections ahead of the main conference, which starts on Thursday morning.

Following the success of last year's special GDPR track, we have a dual-tracked programme again this year. On the Talented Leaders track over both days, hear from distinguished speakers on how charities have made change

with technology and innovation, and explore special interest areas with other IT leaders in our networking session.

Meanwhile, on Thursday 10 October, our Expert Leaders: Business Analysis track examines the latest tools, techniques and thinking to help our BA specialists enable their organisations to make sense of and respond to its key opportunities and challenges through the power of digital, data and technology.

And on Friday 11 October, our Expert Leaders: Service Management track brings together today's service leaders to explore stories from the front line and share the latest thinking on how we can all do more with less, move beyond *simply* 'keeping the lights on' and become a true partner of their organisation.

WEDNESDAY 9 OCTOBER

5-6pm **Welcome and registration**

7pm **Pre-dinner drinks**

8pm **Members' Dinner**
